1. CERTIFICATES FOR LAWYERS

If you are a registered lawyer and you need to request the registry certificates of citizens registered in the National Registry (ANPR) for professional reasons, you can log on to the [National Registry \(ANPR\) Portal](#) in the 'Technical Area', 'Certificates for Lawyers' section.

You can access the portal using a digital identity and your registration will be verified immediately with the National Bar Council.

You will be directed to a dedicated Home page where, by selecting the menu item 'Certificates', you will be taken to a page with a presentation of the service.

There you can read the possible spot checks you may be subject to.

Remember that you can request up to 30 certificates per day; once this limit has been reached, you can only view the list of certificates already requested.

By selecting the 'Request Certificate' button, a message indicating the terms and conditions of the service will be displayed. You are asked to confirm the following information for acknowledgement:

- The certificates are valid for three months from the date of issue pursuant to Article 33(e) of Presidential Decree No 223/1989;
- if you need a historical certificate, you will have to go to the counter of your municipality of residence or AIRE registration (if resident abroad);
- Certificates are issued to the lawyer requesting them solely for purposes related to execution of his or her professional mandate.

Please confirm that you have read the information to proceed with your request.

1.1 SELECT THE CERTIFICATE HOLDER

You can search for the certificate holder by entering his or her tax code;

the certificate holder search can also be carried out by entering the following personal data:

- Province of birth (mandatory only if the country of birth is 'ITALY');

- Municipality of birth (mandatory only if the country of birth is 'ITALY').

If you have searched for personal data and more than one person has been found, you will see a message suggesting that you use the tax code to search for the person holding the certificate.

If the citizen is not present in the National Register of Resident Population, you will see the message 'No person found'.

If the citizen is listed in the National Register of the Resident Population, select the 'Next' button to proceed.
